The Honorable Maurice H. Stans
Director
Bureau of the Budget
Washington 25, D. C.

Dear Mr. Stans:

In my letter to you of 2 July 1958, it was indicated that the Agency would not object further to approval of Enrolled Bill, S. 335, by the President if it were assured that the Agency would be granted the broadest possible exceptions when the bill became law. Accordingly, I am enclosing a proposed directive for signature by the President designating the Agency, its officers and employees as excepted from certain provisions of the Government Employees Training Act, Public Law 85-507, approved 7 July 1958.

Certain provisions of Public Law 85-507 require that reports of training activities be sent to the Civil Service Commission for inclusion in overall reports to the Congress. I believe that disclosure of the information which would be required if the Agency were not excepted would adversely affect the national interest and the operations of CIA. Further, such disclosure would conflict with my responsibility under Section 102(d)(3) of the National Security Act of 1947, as amended,

... for protecting intelligence sources and methods from unauthorized disclosure. Certain of the reporting requirements are additionally in conflict with Section 7 of the Central Intelligence Agency Act of 1949, as amended, which further implements Section 102(d)(3) of the National Security Act of 1947, as amended.

The Agency has carefully considered the specific provisions of Public Law 85-507, and I recommend Presidential exception be secured in accord with the enclosed draft directive. I request this matter receive the earliest possible consideration in order that Agency plans and programs for its various training activities can continue without interruption.

The Agency must also have the opportunity to consider the effect that Public Law 85-507, with approved Presidential exceptions, will have on its training program in order to determine at an early time whether further legislation on this subject is necessary.

If further information is desired, I suggest your representatives contact my Legislative Counsel, Mr. John S. Warner.

Sincerely,

Allen W. Dulles

MEMORANDUM FOR: The Director

The proposed directive to exempt the Agency from the Employees Training Bill exempts by making certain sections, portions of sections, and specific wording not applicable to this Agency. This leaves the proposed nature and basic authorities of the bill, but eliminates any supervision or control by and reports to the Civil Service Commission and all limitations on the type and duration of training and on the facilities which may be used for training. The eliminated portions are indicated in red on the copy of the Act attached.
